About Us

Jyoti Trade Agencies is a premier global veterinary healthcare solutions provider with over 66+ years of industry expertise. We specialize in supplying veterinary medicines, surgical instruments, laboratory chemicals, animal healthcare products and diagnostic laboratory solutions to clients in India.

Founded with a commitment to advancing animal healthcare, we have built lasting relationships with veterinary hospitals, dairy farms, poultry industries, government animal husbandry departments and national clients across India.

Our comprehensive product portfolio, stringent quality standards and dedicated customer support make us the preferred partner for businesses seeking a one-stop veterinary procurement solution.

Our Vision

To be the India's most trusted and comprehensive one-stop veterinary healthcare solutions provider – empowering animal health professionals with the highest quality products and reliable supply chain.

Our Mission

To deliver innovative, high-quality veterinary medicines, instruments and healthcare solutions that improve animal health outcomes, while building long-term partnerships with our global clients through integrity, expertise and service excellence.

Chemicals

Veterinary Medicines

We offer a comprehensive portfolio of veterinary medicines and animal healthcare products to support optimal animal health and productivity. Our range includes antibiotics, dewormers (anthelmintics), antiparasitics, analgesics and anti-inflammatory medicines, vitamins and nutritional supplements, vaccines, oral and injectable formulations, as well as specialised treatments tailored to the needs of livestock, poultry, companion animals, equine, and aquatic species.

Veterinary Equipments & Instruments

We offer a wide selection of high-quality veterinary equipment and instruments that meet the needs of modern veterinary practice. From precision surgical instruments and examination tools to diagnostic and specialised veterinary equipment, our products are designed to support accurate diagnosis, effective treatment, and improved animal care across all species.

Laboratory Equipment

We offer a wide selection of advanced laboratory equipment and scientific solutions to support diagnostics, research, quality control, and analytical testing. Our range includes diagnostic kits, testing equipment, culture media, reagents, analytical instruments, laboratory consumables, and specialised products for veterinary, healthcare, educational, and research laboratories.

Chemicals

We offer a diverse range of high-quality veterinary chemicals to support diagnostic procedures, treatment protocols, disease control, and laboratory operations. Our range includes disinfectants, reagents, specialty chemical compounds, testing chemicals, and scientific solutions tailored to the needs of veterinary professionals, laboratories, and research institutions.

Farming Equipment

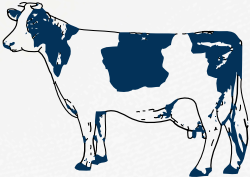

We also deal in and provide a wide range of farming and livestock equipment designed to support efficient agricultural operations and animal husbandry practices. Our solutions help farmers improve productivity, streamline daily operations, and maintain the health and well-being of their livestock.
